

POP-UP PRAISE

The purpose is to provide simple spaces throughout our town and the week for believers to invite neighbors, connect, and praise the Lord together.

Pop-Up Praise attendees (sign-up [here](#)) should watch for our schedule to be emailed. The days/times/locations will be emailed no later than August 1st to all those who fill out the “participate” tab, at <https://www.pouroutoswego.com/witnessweek>. Find a location near you, invite some friends, and go lift up JESUS!

Pop-Up Praise hosts (sign-up [here](#)) work with our team to plan your pop-up praise night to ensure that you have a team of at least three people who can serve in the areas of 1) being hospitable, 2) leading worship, and 3) sharing the gospel.

Being Hospitable: Helping with setup, being a friendly face to welcome people, connect visitors with others, serving snacks/drinks, providing name tags/markers.

Leading Worship: Choosing praise songs that can be easily learned to maximize engagement and declare the hope and salvation of Jesus Christ, leading songs with evident musical skill, encouraging the visitors to sing out and worship!

Sharing the Gospel: This *can* be the same person as hospitality/worship leader, but it is helpful to have a different person who can share. This person should be a biblically sound person who can share a few verses, encourage praise that is rooted in gratitude for Jesus, and effectively communicate the heart of God. This person should emphasize WHO God is, the problem of sin, God’s solution through Jesus, and the response that is required from us.

Once you sign up to host, we’ll connect with your local church leadership to confirm that it’s a good fit. We do this to ensure a safe and supportive environment for everyone involved, and because we believe that ministry is most powerful when it flows from the local church.

After signing up, you’ll hear from us—we’re here to help you plan every step! We can even create and print a custom flyer to help you invite neighbors, friends, and your church family.

If you have any questions in the meantime, don’t hesitate to reach out at pouroutoswego@gmail.com.
